

Sinclair's actions  
believe the public  
trust implicit in  
use of our broadcast  
spectrum.

The FCC must not  
further abrogate its  
duty to enforce  
legitimate  
expectations of the  
public trust.

History will hold  
the FCC and Sinclair  
accountable for any  
roll back of  
responsibility in  
this matter.

Please enforce the  
public charter for  
broadcasters.
